Not only do we make homemade, fresh breads daily, but each loaf is only on our shelves for 24 hours before it is donated to our local food bank, W.A.R.M. When we say "fresh bread," we mean it!

GREAT HARVEST BREAD DOES IT RIGHT!!

**THE WHEAT WE MILL
HERE IN THE STORE IS
GMO FREE.**

WHAT IS GMO?

It stands for Genetically Modified Organisms and are plants or animals that have been genetically engineered with DNA from bacteria, viruses or other plants and animals. These experimental combinations of genes from different species cannot occur in nature or in traditional crossbreeding.

Our wheat berries are purchased once a year from Montana and all Great Harvest Stores mill almost everyday to retain the most nutrients. This also means that every single type of wheat bread we make is whole grain. It is truly all natural with no additives or preservatives.

COOPERS MILL JAMS AND JELLIES SIMPLE GOODNESS

Made in Bucyrus, Ohio, without artificial colors, sweeteners, or preservatives.

All products are HFCS and gluten free and all natural ingredients go into each jar.

The apple butters are cooked slowly in 50-gallon kettles over a wood fire.

All jams and jellies are made in small batches for the best flavor and consistency.

Stop in for: Blueberry Jam, Cranberry Raspberry Jam, Black Raspberry Jam, Peach Jam, & more!

How to Keep Your Bread Fresh

*Our bread stays fresher longer if it is stored on the counter out of direct sunlight. **DO NOT** put your bread in the fridge, unless it has cheese. The refrigeration process crystallizes the honey which causes the bread to dry out very quickly.*

COMING IN AUGUST
