FRESH!

WE DEFINE FRESH!
 Not only do we make homemade, fresh breads daily, but each loaf is only on our shelves for 24 hours before it is donated to W.A.R.M. Our bread is best in a twist tied bag on your counter where it is fresh for 6-7 days! When we say "fresh bread," we mean it!

JANUARY

NEW YEAR'S RESOLUTION? NO PROBLEM!

We can help with your resolution! Foods rich in whole grains can help create a feeling of fullness and provide the energy you need to maintain a healthy lifestyle. Our freshly milled whole grains retain vital nutrients like chromium and magnesium, offer more fiber and a lower glycemic index. Quite simply, whole grain is: Food For Life!

WHOLE GRAIN REVOLUTION! GREAT TASTING BREADS TO FIT YOUR STYLE!

High Fiber Breads

*High 5 Fiber
Ten Grain
Woodstock
Whole Grain Goodness
Dakota*

Non-Fat Breads

*Honey Whole Wheat
Farmhouse White
Cinnamon Swirl*

KING CAKES

The Epiphany, January 6th, is the beginning of Mardi Gras season. We will be baking King Cakes and taking orders prior to Fat Tuesday, March 4th.

Place your orders early!

HOW FRESH IS YOUR BREAD?

If you are still buying your bread at the grocery or even at a "bread" store down the street, do you really know when the wheat was milled? Did you know that when the words "fresh baked" are used many times it just means that the dough was prepared someplace else, frozen, then trucked to the store to be "fresh baked"? If you actually want FRESH bread then you want us! Our wheat is milled daily in the store to provide the fresh flour used in our breads and treats. All of our baked goods are prepared by hand. It doesn't get any fresher!

You owe it to yourself to eat the best!

DON'T FORGET.....*to give our breads and goodies to family and friends all year long!*
